STORAGE

Store the product in its original packaging, upright and in a cool, well-ventilated area.

- Storage in the original closed packaging:2 years from the date of manufacture.
- Storage once opened:2 months from the date of opening.

REFERENCES AND PACKAGING

	REFERENCE
1 L BOTTLE	4200.001
20L CAN	4200.020

INSTRUCTIONS FOR USE

- Follow the instructions for use of the Nocotech spray device (see instructions for use and quickstart document).
- Shake the bottle before use.
- Screw the 1 L bottle into the Nocospray spraying device or the 20 L ca into the Nocomax spraying device.
- Set the device according to the volume (V) of the room.
- When the spraying is completed, follow a contact time of 2 hours and then ventilate the room for 10 minutes.
- Remove the bottle after use and close it again.
- The treatment can be renewed every 4 weeks. If there is a bed in the space to be treated, remove the mattress from the bed and place it on its edge before the treatment.

IMPORTANT

• Throughout the operation of the machine and the contact time, keep the room closed and do not enter it. The treatment must be performed away from humans.
